CLASS OF
1977

THEME

OH VERY YOUNG
Oh very young what will you leave us this time
you're only dancing on this earth for a short while
and although you're dreams may toss and turn you now
they will vanish away like your daddy's best jeans
denim blue fading up to the sky and though you want them to
last forever you know he never will you know he never will
and the patches make the goodbye harder still

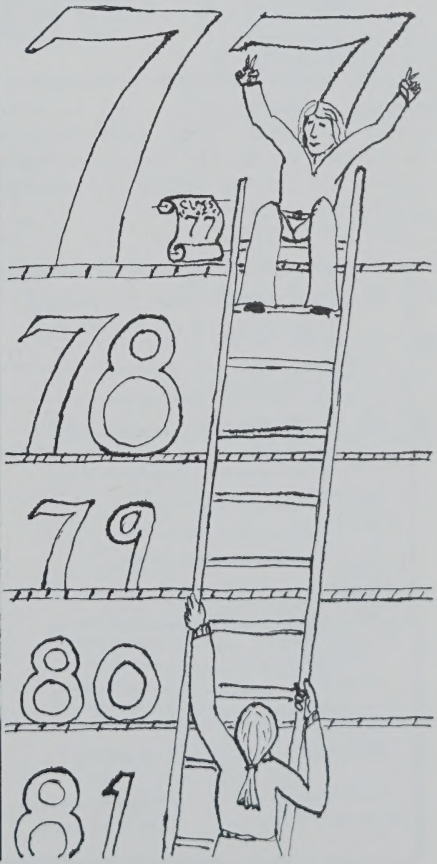
oh very young what will you leave us this time
there'll never be a better chance to change your mind
and if you want this world to see a better day
will you carry the words of love with you
will you ride the great white bird into heaven
and though you want to last forever you know you never will
you know you never will
and the goodbye makes the journey harder still

oh very young what will you leave us this time
you're only dancing on this earth for a short while
oh very young
what will you leave us this time

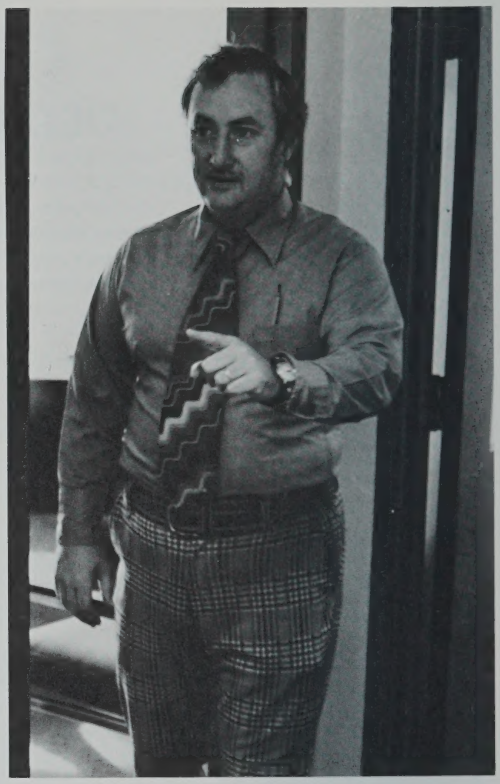
DEDICATION

We the Senior class of 1977 wish to dedicate our yearbook to the Westport High School's underclassmen. You have made it clear that you are concerned for your fellow man, for the world, and for your future years. The ways you have chosen to demonstrate your concern and feelings about student rights have shown a high level of maturity. You have been critizied, but you will survive and so will your worthy aspirations.

We believe you will carry on the friendships, that you will keep that ever binding trust between the students and administration. We wish you well in your future years at W.H.S.



ADMINISTRATION



Mr. Flynn

ADMINISTRATION

As Mr. Flynn's second year as Principle of Westport High School comes to an end, we seniors feel he has improved the school system by listening to the students. We feel Mr. Menard understands the students and does the best he can, compromising with the entire student body

As freshmen we were quite a mess
As sophomores we could pass the test
As juniors we were quite a flop
But as SENIORS we were at the top

The time has come for us to leave
Our high school days of make believe
to venture forth and spread our wings
And leave behind our childish flings

Like writing letters during class
And walkin' the halls without a pass
Or trading answers for a test
Puppy love and all the rest

Yes, four years have come and gone
And our lives are newly born
But as we meet the world outside
Like frightened babes, we'll try to hide

Yes, the time has come for us to leave
Our high school days of make believe

As we the Class of 1977 leave Westport High School, we wish to thank two very important men who helped our senior year here at W.H.S. be a very important year in our lives. Mr. Kevin Phelan, our class advisor who guided us through three of our four years at W.H.S. helped us raise money through cake sales, paper drives, dances, suppers and the snack bar to pay for our prom, which was held at the Shearton Islander Hotel on Goat Island, graduation and yearbook. In late September, another man by the name of Mr. Richard Dean took over as our yearbook advisor and helped to organize and design the yearbook. So to Mr. Phelan and Mr. Dean, thank you very much for all your time and dedication in making this year an important year in our lives.

Tommorrow,

One of my most favorite teachers, who I will always remember as the "apparatus" I'm surprised I haven't got writers cramp from taking so many notes, but I guess I'm well, I survived the year of listening to you yelling at somebody for doing something that they weren't supposed to do. well the year is almost over and you won't put up with you anymore, and you won't have to tollerate me either, but don't worry maybe I'll see you somewhere during the summer, I know for sure I'll see you en the fall. I'll come see you just to make your day a better one okay!

Take Care

Sincerely
Carol the
